

## **FCE Speaking Part Four on the topic of health Complete First Unit 11**

*Ask around three questions from below to your partner, then change roles and answer their questions from below. You can also ask follow-up questions like “Why do you feel that way?” to extend the discussion.*

**Do you think children should** stay at home when they get sick?

**Do you think it’s good for** the government to tell people how to be healthier?

**Why do you think** alternative medicine **is popular?**

**How important** is getting exercise, do you think?

**What can you do to** stop getting colds?

**More and more people are** worried about food safety **these days. Why do you think this is?**

**What is the best way to** relax when you feel stressed?

**Is it a good thing for** children **to** wear masks to protect themselves from flu?

**Do you think** having regular health checks **is always a good thing?**

**Do you think it’s a good idea to** have an influenza vaccination every year?

**Are there times when it’s better to** treat yourself rather than going to the doctor?

**What do you think the disadvantages of** herbal medicine **are?**

**What do you think the advantages of** regular massages **are?**

**At what age do you think children should be** allowed to decide how much exercise they do?

**Why do you think some people are so interested in** talking about their health problems?

*Ask your teacher about any questions above that you couldn’t understand or couldn’t answer.*

*Ask other questions with the parts in bold above.*

*Discuss some Writing Part One essay questions on the same topic in the same way.*
