

Basic adjectives and nouns drawing games

Instructions for teachers

Cut up one set of cards per class or group of students, choosing suitable sets of nouns from below or making up similar ones with different nouns with the gapped cards given.

Students can:

- Race to shout out the name of what the teacher or another student is drawing
- Race to draw what the teacher or another student holds up and/ or shouts out
- Compete to make the best picture of what is held up and/ or shouted out in one minute

If they can't guess and/ or to add extra reading practice, you can let the students who are guessing look at an un-cut-up copy of the worksheets.

Students can then make their own cards with the same or different adjectives to play the same game(s) with.
