

Whose...? possessive adjectives drawing game

Choose one of your things in the classroom like your shoe or your bag, draw it on blank A3 paper and say "This is my..." to get one point. Other people will then draw their own thing of the same kind and say "This is my shoe", "This is my bag", etc to get one point. They don't get one point if they have to say "I don't have..." or "I can't draw..."

Do the same for your things not in the classroom now such as one of the things on the next page below.

Do the same by choosing one thing below without looking, by taking one card or choosing one number.

Choose one of the pictures on your paper or someone else's paper, draw it, and ask "Whose... is this?" for your partners to answer "It's your...", "It's my...", "It's his..." or "It's her..." (or "It's yours", "It's mine", "It's hers" or "It's his").

Choose one of the people on your paper or someone else's paper, draw just one part such as a nose or an eye, and ask "Whose... is this?" for the other students to point at the right picture and guess "It's his eye", "It's her mouth", etc.
