

Art and media Extended speaking revision board game

All put a counter (e.g. eraser) on the START square. Speak about the topic of the square you are on for as long as you can, then your partner(s) will give you one point for each thirty second period you talked for, taking time off for silence, up to a maximum of six points. You can then move one square for each point you scored. For example, if you speak for two minutes but thirty seconds is taken off for silence, you can move four squares. The winner is the person who has gone furthest around the board when the teacher stops the game.
