

New Headway Pre- Intermediate vocabulary revision ask or tell game

Choose a card at random and make a question using the word(s) on it. Then toss a coin to see whether you have to answer the question yourself or whether you can ask it to someone else in your group:

Tails = tell (= you have to answer your own question)

Heads = ask (= you can ask someone else)

You can ask any question you like, but make sure you are happy to answer it yourself!
