Whose…? possessive adjectives drawing games

Choose one of your things in the classroom like your shoe or your bag, draw it on blank A3 paper and say "This is my…" *to get one point. Other people will then draw their own thing of the same kind and say* "This is my shoe", "This is my bag"*, etc to get one point. They don't get one point if they have to say* "I don't have…" *or* "I can't draw…"

Do the same for your things not in the classroom now such as one of the things on the next page below.

Do the same by choosing one thing below without looking, by taking one card or choosing one number.

Choose one of the cards and draw yours, e.g. draw your toothbrush if you chose the "toothbrush" *card. Draw slowly until someone guesses with* "It's your…" *Guess your partner's drawing in the same way, then take turns doing the same until your teacher stops you. Leave all the pictures on the paper or board.*

Variation: If you choose something that you don't have like a cat, draw nothing, and see if people can guess with "It's your cat"*, etc.*

When you finish that game, test the whole class on whose picture each is, with people answering with "It's my/ your/ his/ her…"
