Choosing which company to work for ranking task
business ethics warmer
Market Leader Intermediate Unit 11

With a partner, rank the factors below from number 1 (the most important thing when choosing which company to work for) to 12 (the least important)

The size of the company

The official company language

Competitive salaries

The company's ethics/ ethics policy

Chances of promotion

The company's influence on the world (or on its industry)

The status of that company

Training offered to employees

The physical working environment

Policies on placement abroad or away from home

Policies on overtime

Holidays

If you have finished and there is time, join with another group and compare your answers, maybe trying to make them agree with your point of view

Where did you put ethics in your ranking? Why did you put it there?

What does an "ethical company" *mean? What would make a company* "unethical"*?*

Continue your discussion of ethics with the questions in Market Leader Intermediate New Edition U11 pages 92 and 93.
