

Health problems mimes

Chit Chat 2 Unit 3

Take turns miming something below until someone guesses. You can make noises if you like, but you can't say any words. If they aren't sure, try miming in different ways, then let them look at the worksheet below.

When your teacher stops you, look at all of the card and ask about any you aren't sure about how to mime.

Change groups. Choose one card and compete to make the best mime for it. Then take turns choosing other cards to do the same with.

Play one of the games above with your own ideas for health problems.

I've got a terrible headache	I'm really fat	I'm too thin	I've got a cold
I've got COVID/ coronavirus	I've got backache	I've lost my voice	I've got a sore throat
I've twisted my ankle	I'm sneezing all the time	I'm coughing all the time	I've broken my arm
I've broken my leg	I've broken my fingers	I've broken my toe	I'm burping all the time
I've got terrible wind	My teeth are yellow	I haven't got any muscles	I'm always tired
I've got stomach ache	I've got earache	I've got a black eye	My feet are really cold
I've got a broken nose	I've got a nose bleed	I'm bald (= I haven't got any hair)	I burnt my thumb
My eyes are red	My forehead is hot	My feet are smelly	My armpits are smelly
My tongue is green	I can't see	I'm sweating a lot	My nose is running
I can't walk	My legs are really hairy	My eyebrows are really big	My fingernail is black
I've got crossed eyes	My hair is falling out	I've got lots of spots	I always snore (= I make noises when I sleep)
