Which sections are crimes, which are criminals and which sections are connected to crime detection and punishments?

What are the names for the criminals who do the crimes in the crime sections?

Discussion

- Are any of the crimes or punishments in the past sections above still relevant to the present?
- Do you think any of the punishments that don't exist in your country (anymore) should be (re)instated?
- Which historical crimes and punishments above have you seen in movies and TV?
